

# COMMUNICATION ASSOCIATES, INC.

## Mission Statement

### ***Honor God***

God is our strength. Through his teachings and commandments we build success. Success honors God. After all, He owns the company.

### ***Honor the Family***

A strong family unit builds character and personal growth and provides a healthy foundation for the next generations. It is the strength of all great nations.

### ***Honor our Customers***

Customers deserve our best performance. This is accomplished by being innovative, honest, competitive, and going the extra mile. Always give customers more than they expect.

### ***Honor our Suppliers***

Suppliers provide the tools and materials with which we serve our customers. They are equally as important as the customers and shall be treated with respect. Suppliers are to be paid before we pay ourselves.

### ***Honor our Team***

When we hire a person, they come to us as part of a family. By encouraging individuals to grow and improve themselves, the whole family benefits. This is what God expects. By gaining knowledge and personal growth, we honor Him.

### ***Give to the Community***

Support our community by giving our time and dollars. Strong communities provide a healthy environment for our children and our future.

### ***Make a fair profit***

Without profit, we do not exist. If we do our jobs well and follow our mission, this is God's reward.
